Institution description

Hippocrates Research (HR) is a full service CRO founded in 1995 and is one of the largest domestic CROs operating in Italy. HR is registered as CRO authorised to

conduct regulatory studies by the Italian Drug Agency (AIFA). About 35% of HR's activities are represented by non-interventional commercial studies (NIS) including: PASS, patient registries, epidemiological and population-genetic studies, ranging from onco-hematology to rare diseases. HR's staff includes only permanent or long-term employees, all office based, without freelance or regional based staff. HR is ISO 9001 certified. Members of its staff with QA responsibilities are affiliated of GIQAR (Italian association of quality assurance). HR was positively inspected by AIFA in 2017.
