## Institution description

Puerta de Hierro-Majadahonda University Hospital (HUPHM) is a public tertiary teaching hospital that belongs to the National Health Service. The Clinical Pharmacology Service was set up in 1995. The Clinical Pharmacology Service has several areas of work in clinical pharmacology and pharmacoepidemiology,pharmacovigilance (drug utilization studies,information on drugs and therapeutics,and scientific/research advice). It has several research projects sponsored by public funding agencies (pharmacoepidemiological studies and clinical trials) and also collaborates in research projects of a wide range of clinical services in the hospital (psychiatry,gastroenterology,pediatrics infectious diseases,neurology,and pneumology). Additionally gives institutional support to the Ethical Research Committee and PharmacOtherapeutics Committee of the Puerta de Hierro-Majadahonda University Hospital and Other institutional boards of the national (AEMPS) and European health authority (EMEA).
