Yes

Institution description

Edinburgh is one of the world's leading research universities, ranked fourth in the UK for research power. The Usher Institute is a high-energy, interdisciplinary environment dedicated to improving the health of individuals and populations locally and globally. It sits within the Edinburgh Medical School in the College of Medicine and Veterinary Medicine at the University of Edinburgh. The Centre for Population Health Sciences (CPHS) draws together researchers, clinicians and practitioners from public health, primary care, biomedical and social sciences with expertise in epidemiology, statistics and modelling, sociology, social policy, psychology, economics, geography, health promotion, nursing and medicine.
