Institution description

PRA is a global biopharmaceutical services provider that offers clinical development as well as real-world and late-phase research expertise. PRA's Real World Solutions group (RWS) is specialized in the design, management and execution of prospective non-interventional studies, outcome evaluation, post-marketing studies, and retrospective research for pharmaceutical, device and biotech companies. RWS is well-versed in global post-authorisation regulatory requirements and pharmacovigilance. RWS specifically has conducted many mandated and voluntarily conducted post-authorisation safety studies (PASS) including drug utilization studies and studies to measure the effectiveness of risk minimization/ mitigation strategies.
