45068

**Institution countries**

Netherlands

**Type of institution**

Non-Pharmaceutical company

**Institution role**

Data holder

Researcher

**Institution website**

https://www.pharmo.com

**ENCePP partner**

Yes

## Institution description

The PHARMO Institute is an independent scientific research organisation dedicated to the study of epidemiology, drug utilisation, drug safety, health outcomes, and utilisation of healthcare resources. The PHARMO Institute maintains a large and high quality Database Network and works closely with (inter)national medical universities and European healthcare database partners. Through its studies with longitudinal and real-life patient data, the PHARMO Institute contributes to risk management, outcomes research and provides solutions for decision makers in market access, health economics and health outcomes domains.
