Institution description

MediNeos is specialized in the design and conduct of Observational Studies, Pharmacoepidemiology and Outcome Research. Regarding observational and pharmacological studies, MediNeos coordinates a network able to operate in all European countries. MediNeos provides advice, tools and services to meet the needs of those working in the pharmaceutical and biomedical market and of those carrying out study and research activities within non-profit organisations. MediNeos provides its clients from study design and protocol drafting to data management and statistics services.
