## Institution description

The European Multiple Sclerosis Platform (EMSP) has been the leading voice in Europe advocating for people living with MS. In tandem with our members, partners, and people living with MS across the EU, we strive to influence policy decisions to ensure high- quality, equitable treatment, care, and resources for people affected by MS, and their inclusion in education, employment, and society at large. EMSP is also a driving force in the MS research agenda, ensuring coherence, engagement of people living with MS, and advancement towards our vision of a world without MS
