Institution description

Eurotrials, Consultores Científicos, is a privately owned company founded in Lisbon in 1995 by members of academia, medical community and pharmaceutical industry. It specialises in clinical research and scientific consultancy in the area of health and currently operates in Europe, Latin America and Africa. Eurotrials' close collaboration with medical and regulatory institutions is an essential success factor that has been recognised by its partners, i.e. the pharmaceutical and international biotechnology industry, regulatory agencies, universities and clinical research centres and CROs.
