No

## Institution description

LynxCare delivers Real-World Data you can trust, at scale. We provide EHR-derived insights from a federated hospital network, offering high-quality, validated, clinical Natural Language Processing (cNLP)-enriched medical data. Our platform is supported by a secure European infrastructure, ensuring compliance and data protection while enabling meaningful healthcare research and innovation.

## Institution details

**Experience with collecting data directly from individual patients or respondents:**

No

---

**Interest in carrying out research that is funded by pharmaceutical companies:**

Yes
