Institution description

LynxCare delivers Real-World Data you can trust, at scale. We provide EHR-derived insights from a federated hospital network, offering high-quality, validated, clinical Natural Language Processing (cNLP)-enriched medical data. Our platform is supported by a secure European infrastructure, ensuring compliance and data protection while enabling meaningful healthcare research and innovation.

Institution details

Experience with collecting data directly from individual patients or respondents:

No

Interest in carrying out research that is funded by pharmaceutical companies:

Yes
