Institution description

TFS HealthScience is a global Contract Research Organization (CRO). Over +25 years, TFS has run +300 RWE studies on +100,000 subjects, at +7,500 sites, including Phase IV, PMR/PMC, PASS, PMCF and IVD validation.
Through established partnerships, we have access to RWD from +300M patients globally, from the US, EU, LATAM and APAC, comprising hospital, specialized and primary care, both structured and unstructured, including brand names for drugs and devices. We combine a strong scientific focus with local expertise and global capabilities. We have a cross-functional expert team including scientific, epidemiological, medical, statistical, technological, and operational professionals.

Institution details
