

Research group composition

Project title:

Treatment patterns and outcomes of Crohn's disease and ulcerative colitis patients initiated with biologic therapies in Denmark

Principal investigator, study design, data analysis, literature review, report writing:

Janne Petersen, head of section, associate professor, PhD

Center for Clinical Research and Prevention, Bispebjerg og Frederiksberg Hospital, Hovedvejen, indgang 5, Nordre Fasanvej 57, 2000 Frederiksberg, Denmark. Phone: +45 3816 3075. E-mail: janne.petersen.01@regionh.dk

Study design, data analysis, literature review, report writing:

Kristoffer Jarlov Jensen, pharmacoepidemiologist, PhD, Center for Clinical Research and Prevention, Bispebjerg og Frederiksberg Hospital, Hovedvejen, indgang 5, Nordre Fasanvej 57, 2000 Frederiksberg, Denmark. Phone: +45 3816 3045. E-mail: kristoffer.jarlov.jensen@regionh.dk

Study design, data analysis, literature review, report writing:

Camilla Bjørn Jensen, post doc, PhD, Center for Clinical Research and Prevention, Bispebjerg og Frederiksberg Hospital, Hovedvejen, indgang 5, Nordre Fasanvej 57, 2000 Frederiksberg, Denmark. Phone: +45 3816 3101. E-mail: camilla.bjoern.jensen@regionh.dk

Study design, data analysis, literature review, report writing:

Mikkel Z Ankarfeldt, pharmacoepidemiologist, PhD, Center for Clinical Research and Prevention, Bispebjerg og Frederiksberg Hospital, Hovedvejen, indgang 5, Nordre Fasanvej 57, 2000 Frederiksberg, Denmark. Phone: +45 3816 3035. E-mail: Mikkel.Zoellner.Ankarfeldt@regionh.dk

Medical advice, study design, literature review, report writing:

Espen Victor Jimenez-Solem, MD, PhD, Department of Clinical Pharmacology, Bispebjerg og Frederiksberg Hospital, Bispebjerg Bakke 23, 2400 København NV, Denmark. Phone: +45 3863 5934. E-mail: Espen.Jimenez.Solem@regionh.dk

Medical advice, study design, literature review, report writing:

Johan Burisch, MD, PhD, Gastrounit, Medical division, Amager and Hvidovre Hospital, University of Copenhagen, Denmark. E-mail: johan.burisch@regionh.dk

Note, the study does not have a steering committee.
