

Listing AE-Symptoms

Patient identifier	Symptom	PT	SOC	Relatedness to IMP
002-01	Headache	Headache	Nervous system disorders	not related
002-01	Headache	Headache	Nervous system disorders	not related
002-01	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
002-01	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
002-01	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-01	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-01	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-01	Generalised itching	Pruritus	Skin and subcutaneous tissue disorders	possibly related
002-01	Generalised itching	Pruritus	Skin and subcutaneous tissue disorders	possibly related
002-01	Generalised itching	Pruritus	Skin and subcutaneous tissue disorders	possibly related
002-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
002-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
002-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related

002-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
002-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
002-02	Injection site pain	Injection site pain	General disorders and administration site conditions	possibly related
002-02	Injection site pain	Injection site pain	General disorders and administration site conditions	possibly related
002-02	Injection site pain	Injection site pain	General disorders and administration site conditions	possibly related
002-02	Injection site pain	Injection site pain	General disorders and administration site conditions	possibly related
002-02	Injection site pain	Injection site pain	General disorders and administration site conditions	possibly related
002-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-02	Injection site warmth	Injection site warmth	General disorders and administration site conditions	possibly related

002-02	Injection site warmth	Injection site warmth	General disorders and administration site conditions	possibly related
002-02	Injection site warmth	Injection site warmth	General disorders and administration site conditions	possibly related
002-04	Irritant cough	Cough	Respiratory, thoracic and mediastinal disorders	not related
002-04	Dyspnoea	Dyspnoea	Respiratory, thoracic and mediastinal disorders	possibly related
002-04	Headache	Headache	Nervous system disorders	not related
002-04	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
002-04	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-04	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-05	Headache	Headache	Nervous system disorders	not related
002-05	Headache	Headache	Nervous system disorders	not related
002-08	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
002-08	Injection site pain	Injection site pain	General disorders and administration site conditions	possibly related
002-08	Injection site pain	Injection site pain	General disorders and administration site conditions	possibly related
002-08	Injection site pain	Injection site pain	General disorders and administration site conditions	possibly related
002-08	Injection site pain	Injection site pain	General disorders and administration site conditions	possibly related

002-08	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-08	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-08	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-08	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-08	Common cold	Nasopharyngitis	Infections and infestations	not related
002-11	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
002-11	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
002-11	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
002-11	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
002-11	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
002-11	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
002-11	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
002-11	Injection site warmth	Injection site warmth	General disorders and administration site conditions	possibly related
002-11	Injection site warmth	Injection site warmth	General disorders and administration site conditions	possibly related

002-11	itchy throat	Throat irritation	Respiratory, thoracic and mediastinal disorders	possibly related
002-12	Bronchial hyperreactivity	Bronchial hyperreactivity	Respiratory, thoracic and mediastinal disorders	not related
002-12	Rhinoconjunctivitis	Conjunctivitis	Eye disorders	not related
002-13	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
002-13	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
002-13	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
002-13	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
002-13	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-13	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-13	Eye redness	Ocular hyperaemia	Eye disorders	possibly related
002-14	Headache	Headache	Nervous system disorders	not related
002-14	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
002-14	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-16	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
002-16	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related

002-16	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-16	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-16	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-22	Breath sounds abnormal	Breath sounds abnormal	Investigations	possibly related
002-22	Cough	Cough	Respiratory, thoracic and mediastinal disorders	possibly related
002-22	Dyspnoea	Dyspnoea	Respiratory, thoracic and mediastinal disorders	possibly related
002-22	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
002-22	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
002-22	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
002-22	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
002-22	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-22	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
002-22	Injection site warmth	Injection site warmth	General disorders and administration site conditions	possibly related
002-22	Nasal congestion	Nasal congestion	Respiratory, thoracic and mediastinal disorders	possibly related

002-22	Rhinitis	Rhinitis	Infections and infestations	possibly related
002-22	Runny nose	Rhinorrhoea	Respiratory, thoracic and mediastinal disorders	possibly related
002-22	Sneezing	Sneezing	Respiratory, thoracic and mediastinal disorders	possibly related
002-22	Itchy throat	Throat irritation	Respiratory, thoracic and mediastinal disorders	possibly related
005-03	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
005-03	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
005-03	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
005-03	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
005-03	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
005-03	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
005-03	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
014-03	Swallowing difficult	Dysphagia	Gastrointestinal disorders	not related
014-03	Nasal congestion	Nasal congestion	Respiratory, thoracic and mediastinal disorders	not related
014-03	Common cold	Nasopharyngitis	Infections and infestations	not related
014-03	Eye redness	Ocular hyperaemia	Eye disorders	not related

014-03	Itchy throat	Throat irritation	Respiratory, thoracic and mediastinal disorders	not related
014-07	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
014-07	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
014-07	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
014-07	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
014-11	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
014-11	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
014-11	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
015-01	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
015-01	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
015-02	Otalgia	Ear pain	Ear and labyrinth disorders	not related
015-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
015-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
015-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related

015-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
015-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
015-02	Nasal obstruction	Nasal obstruction	Respiratory, thoracic and mediastinal disorders	possibly related
015-04	Itching eyes	Eye pruritus	Eye disorders	possibly related
015-04	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
015-04	Injection site haematoma	Injection site haematoma	General disorders and administration site conditions	not related
015-04	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
015-04	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
015-04	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
015-04	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
015-04	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
015-04	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
015-04	Eye redness	Ocular hyperaemia	Eye disorders	possibly related
015-05	SARS-CoV-2 acute respiratory disease	COVID-19	Infections and infestations	not related

015-05	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
015-05	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
015-05	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
015-05	Throat clearing	Throat clearing	Respiratory, thoracic and mediastinal disorders	not related
015-05	Itchy throat	Throat irritation	Respiratory, thoracic and mediastinal disorders	possibly related
019-01	Dyspnoea	Dyspnoea	Respiratory, thoracic and mediastinal disorders	possibly related
019-01	Dyspnoea	Dyspnoea	Respiratory, thoracic and mediastinal disorders	possibly related
019-01	Dyspnoea	Dyspnoea	Respiratory, thoracic and mediastinal disorders	possibly related
019-01	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
019-01	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
019-01	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
019-01	Nasal obstruction	Nasal obstruction	Respiratory, thoracic and mediastinal disorders	possibly related
019-01	Allergic rhinitis	Rhinitis allergic	Respiratory, thoracic and mediastinal disorders	possibly related

019-01	Runny nose	Rhinorrhoea	Respiratory, thoracic and mediastinal disorders	possibly related
019-01	Runny nose	Rhinorrhoea	Respiratory, thoracic and mediastinal disorders	possibly related
019-02	Sensation of heaviness	Discomfort	General disorders and administration site conditions	possibly related
019-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
019-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
019-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
019-02	Injection site pain	Injection site pain	General disorders and administration site conditions	possibly related
019-02	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
019-02	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
019-02	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
019-02	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
019-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
019-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related

019-02	Runny nose	Rhinorrhoea	Respiratory, thoracic and mediastinal disorders	possibly related
019-03	Allergic cough	Allergic cough	General disorders and administration site conditions	possibly related
019-03	Allergic cough	Allergic cough	Respiratory, thoracic and mediastinal disorders	possibly related
019-03	Allergic cough	Allergic cough	Respiratory, thoracic and mediastinal disorders	possibly related
019-03	Chest tightness	Chest discomfort	General disorders and administration site conditions	possibly related
019-03	Cough	Cough	Respiratory, thoracic and mediastinal disorders	possibly related
019-03	Cough	Cough	Respiratory, thoracic and mediastinal disorders	possibly related
019-03	Fatigue	Fatigue	General disorders and administration site conditions	possibly related
019-03	Fatigue	Fatigue	General disorders and administration site conditions	possibly related
019-03	Feeling of warmth facial	Feeling hot	General disorders and administration site conditions	possibly related
019-03	Feeling of warmth facial	Feeling hot	General disorders and administration site conditions	possibly related
019-03	Injection site pain	Injection site pain	General disorders and administration site conditions	possibly related
019-03	Injection site pain	Injection site pain	General disorders and administration site conditions	possibly related

019-03	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
019-03	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
019-03	Nasal congestion	Nasal congestion	Respiratory, thoracic and mediastinal disorders	possibly related
019-03	Nasal congestion	Nasal congestion	Respiratory, thoracic and mediastinal disorders	possibly related
019-03	Nasal congestion	Nasal congestion	Respiratory, thoracic and mediastinal disorders	possibly related
019-03	Common cold	Nasopharyngitis	Infections and infestations	not related
019-03	Allergic rhinitis	Rhinitis allergic	Respiratory, thoracic and mediastinal disorders	possibly related
019-03	Lump feeling in throat	Sensation of foreign body	General disorders and administration site conditions	possibly related
019-03	Sneezing	Sneezing	Respiratory, thoracic and mediastinal disorders	possibly related
019-03	Sneezing	Sneezing	Respiratory, thoracic and mediastinal disorders	possibly related
019-03	Sneezing	Sneezing	Respiratory, thoracic and mediastinal disorders	possibly related
019-03	Itchy throat	Throat irritation	Respiratory, thoracic and mediastinal disorders	possibly related
021-01	Itching eyes	Eye pruritus	Eye disorders	not related
021-01	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related

021-01	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
021-01	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
021-01	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
021-01	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
021-01	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
021-02	Asthmatic attack	Asthma	Respiratory, thoracic and mediastinal disorders	possibly related
021-02	Water retention	Fluid retention	Metabolism and nutrition disorders	possibly related
021-02	Headache	Headache	Nervous system disorders	possibly related
021-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
021-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
021-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
021-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
021-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
021-02	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related

021-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
021-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
021-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
021-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
021-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
021-02	Injection site warmth	Injection site warmth	General disorders and administration site conditions	possibly related
021-02	Injection site warmth	Injection site warmth	General disorders and administration site conditions	possibly related
021-02	Injection site warmth	Injection site warmth	General disorders and administration site conditions	possibly related
021-02	Tingling lips	Paraesthesia oral	Gastrointestinal disorders	possibly related
021-03	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
021-03	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
025-01	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
025-02	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
025-03	Dyspnoea	Dyspnoea	Respiratory, thoracic and mediastinal disorders	possibly related

025-03	Dyspnoea	Dyspnoea	Respiratory, thoracic and mediastinal disorders	possibly related
025-03	Dyspnoea	Dyspnoea	Respiratory, thoracic and mediastinal disorders	possibly related
025-03	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
025-03	Injection site pain	Injection site pain	General disorders and administration site conditions	possibly related
025-03	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
025-03	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
025-03	Nasal congestion	Nasal congestion	Respiratory, thoracic and mediastinal disorders	possibly related
025-03	Itchy throat	Throat irritation	Respiratory, thoracic and mediastinal disorders	possibly related
025-03	Itchy throat	Throat irritation	Respiratory, thoracic and mediastinal disorders	possibly related
025-05	Eye redness	Ocular hyperaemia	Eye disorders	possibly related
025-05	Pyrexia	Pyrexia	General disorders and administration site conditions	not related
029-01	Asthma	Asthma	Respiratory, thoracic and mediastinal disorders	possibly related
029-01	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
029-01	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related

029-01	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
029-01	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
029-01	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
029-01	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
029-01	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
029-01	Injection site wheal	Injection site urticaria	General disorders and administration site conditions	possibly related
029-01	Injection site wheal	Injection site urticaria	General disorders and administration site conditions	possibly related
029-01	Injection site warmth	Injection site warmth	General disorders and administration site conditions	possibly related
029-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
029-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
029-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
029-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
029-02	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related

029-02	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
029-02	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
029-02	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
029-02	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
029-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
029-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
029-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
029-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
029-02	Lump feeling in throat	Sensation of foreign body	General disorders and administration site conditions	possibly related
030-01	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
030-01	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
030-01	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
030-01	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related

030-01	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
030-01	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
030-01	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
030-01	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
030-01	Tingling lips	Paraesthesia oral	Gastrointestinal disorders	possibly related
030-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
030-02	Injection site muscle pain	Injection site induration	General disorders and administration site conditions	possibly related
030-02	Injection site muscle pain	Injection site induration	General disorders and administration site conditions	possibly related
030-02	Injection site pain	Injection site pain	General disorders and administration site conditions	possibly related
030-02	Injection site pain	Injection site pain	General disorders and administration site conditions	possibly related
030-02	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
030-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
030-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
030-03	Dyspnoea	Headache	Nervous system disorders	possibly related

030-03	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
030-03	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
030-03	Allergic rhinitis	Rhinitis allergic	Respiratory, thoracic and mediastinal disorders	possibly related
031-01	Allergic cough	Allergic cough	Respiratory, thoracic and mediastinal disorders	possibly related
031-01	Breath sounds abnormal	Breath sounds abnormal	Investigations	possibly related
031-01	Dyspnoea	Dyspnoea	Respiratory, thoracic and mediastinal disorders	possibly related
031-01	Dyspnoea	Dyspnoea	Respiratory, thoracic and mediastinal disorders	possibly related
031-01	Fatigue	Fatigue	General disorders and administration site conditions	not related
031-01	Lacrimation	Lacrimation increased	Eye disorders	possibly related
031-01	Nasal congestion	Nasal congestion	Respiratory, thoracic and mediastinal disorders	possibly related
031-01	Nose congestion	Nasal congestion	Respiratory, thoracic and mediastinal disorders	possibly related
031-01	Eye redness	Ocular hyperaemia	Eye disorders	possibly related
031-01	Allergic rhinitis	Rhinitis allergic	Respiratory, thoracic and mediastinal disorders	possibly related
031-01	Allergic rhinitis	Rhinitis allergic	Respiratory, thoracic and mediastinal disorders	possibly related
031-01	Allergic rhinitis	Rhinitis allergic	Respiratory, thoracic and mediastinal disorders	possibly related

031-01	Sneezing	Sneezing	Respiratory, thoracic and mediastinal disorders	possibly related
031-01	Sneezing	Sneezing	Respiratory, thoracic and mediastinal disorders	possibly related
031-01	Throat clearing	Throat clearing	Respiratory, thoracic and mediastinal disorders	possibly related
031-01	Throat clearing	Throat clearing	Respiratory, thoracic and mediastinal disorders	possibly related
031-01	Throat clearing	Throat clearing	Respiratory, thoracic and mediastinal disorders	possibly related
031-01	Itchy throat	Throat irritation	Respiratory, thoracic and mediastinal disorders	possibly related
031-01	Itchy throat	Throat irritation	Respiratory, thoracic and mediastinal disorders	possibly related
031-03	Injection site pain	Injection site pain	General disorders and administration site conditions	possibly related
031-03	Injection site pain	Injection site pain	General disorders and administration site conditions	possibly related
031-03	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
036-02	Breath sounds abnormal	Breath sounds abnormal	Investigations	not related
036-02	Breath sounds abnormal	Breath sounds abnormal	Investigations	not related
036-02	Chest pain	Chest pain	General disorders and administration site conditions	not related
036-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related

036-02	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
036-02	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
036-02	Injection site itching	Injection site pruritus	General disorders and administration site conditions	possibly related
036-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
036-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
036-02	Injection site swelling	Injection site swelling	General disorders and administration site conditions	possibly related
036-02	Heart racing	Palpitations	Cardiac disorders	not related
036-02	Sneezing	Sneezing	Respiratory, thoracic and mediastinal disorders	possibly related
036-02	Itchy throat	Throat irritation	Respiratory, thoracic and mediastinal disorders	not related
036-02	Itchy throat	Throat irritation	Respiratory, thoracic and mediastinal disorders	possibly related
036-03	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
036-03	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
036-03	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
036-03	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related

036-03	Injection site redness	Injection site erythema	General disorders and administration site conditions	possibly related
