3. ENCePP partner

The European Network of Centres for Pharmacoepidemiology and Pharmacovigilance (ENCEPP®) is a network coordinated by the European Medicines Agency (EMA).

The members of this network (the ENCePP Partners) are public institutions and Contract and Research Organisations (CROs) involved in research in pharmacoepidemiology and pharmacovigilance. If your network is interested and/or actively involved in performing research in the field of pharmacoepidemiology and pharmacovigilance, and would like to join ENCePP, please add detailed information in the "Network description" section in this application. See information on ENCePP and ENCePP Partners at <https://www.encepp.eu>.

ENCEPP partner: Do you want to become an ENCePP partner? [Toggle switch]

- ☐ Yes
- ☐ No

4. Contact details

Name and e-mail address provided here will be made public. A functional (organisation) contact e-mail may be provided

Network main contact person*

First name* [Free text]

Last name* [Free text]

Email* [Free text]

Alternate contact person

If "Add contact" was selected in the last question:

First name* [Free text]

Last name* [Free text]

Email* [Free text]

5. Institutions

Which institutions are part of this network? [Drop-down menu with Institutions registered in RWD Catalogues]

Add an institution if is not in the list [Free text] *Enter the name of institution if not included in the catalogue yet. If an institution is not included in the catalogue, please consider adding it here: [Add Institution in the catalogue](#). Note that a few days may be needed for the approval of the new institution in the catalogue. Once the Institution is approved, you will be able to link it to a network and other content of the catalogue.*
